2. Introduction to Key Action 1: Mobility of Individuals

Erasmus+ is open to organisations across all sectors of education, training, youth and sport. Any public, private or not-for-profit organisation actively involved in these areas may apply for funding. The overall programme objectives are to:

- boost skills and employability;
- modernise education, training and youth work;
- Focus on young people.

Under Key Action 1 organisations can apply for funding to run mobility projects. These projects enable organisations to offer structured study, work experience, job shadowing, training and teaching opportunities to staff and learners.

Erasmus+ and Brexit

The latest information about UK participation in Erasmus+ after Brexit can be found on the [Brexit Update](#) page of the Erasmus+ UK website. Please check this page regularly or [subscribe to our newsletter](#) to receive the latest updates.

Key Action 1 for Higher Education International Credit Mobility

UK Higher Education Institutions (HEIs) can apply for funding for student mobility to and from HEIs in Partner Countries to support students in acquiring competences to improve personal development and employability, whilst also enhancing foreign language competencies and raising awareness and understanding of other cultures and countries. HEIs can also apply for funding for staff mobility to and from HEIs in Partner Countries to support the professional development of those working in higher education.

International Credit Mobility projects can last 24 or 36 months. HEIs can apply for funding to support mobility activities within a project as described in chapter 4 of this document.

Student Mobility

- Study mobility to and from Partner Countries
- Traineeships to and from Partner Countries, including outgoing “Digital skills” traineeships in Switzerland and The Faroe Islands (Region 14). These opportunities are not open to recent graduates.

Staff Mobility

- Staff mobility for teaching to and from Partner Countries for academic staff and for invited staff from non-academic organisations to teach at a partner HEI abroad.
- Staff mobility for training to and from Partner Countries for teaching and non-teaching staff to undertake part in a training event or undergo job shadowing/observation/training at a partner HEI.

3. Before you begin

Before you begin your application, we recommend you complete the following steps:

a) Read more about this type of project

We recommend that you read the relevant sections of the UK Erasmus+ website and the European Commission's Erasmus+ [2019 Programme Guide](#) to find out more about Key Action 1 (KA1) for higher education. For Key Action 1 higher education applications the relevant sections are:

- The [higher education higher education mobility page](#) of the UK National Agency website.
- Pages 7-23, 32-48 and pages 264-269 of the Erasmus+ [2019 Programme Guide](#).

b) Check that you are an eligible organisation

To be eligible to apply for Erasmus+, Higher Education Institutions (HEIs) must have a

- Valid Participant Identification Code (PIC) – for more information please refer to point 4 below.
- Valid Erasmus Charter for Higher Education (ECHE). To check if your institution holds a valid ECHE, please see the updated [list of awarded ECHEs](#). If your institution doesn't hold a valid ECHE, you won't be able to apply for funding under the 2019 call.

Important note:

Organisations in Partner Countries are not required to hold the ECHE if involved in an Erasmus+ project, but an international version of the Inter-Institutional Agreement must be signed before **any** mobilities can take place.

Consortia managing HE mobility under Erasmus+ KA1 must have a Consortium Certificate before applying for any Erasmus+ funding.

You may apply for the Consortium Certificate at the same time as applying for KA1 funding; see the Erasmus+ Programme Guide pages 32-48, especially pages 39-41. Your consortium application will be assessed and then, if it is approved, your KA1 application will be assessed for funding. If your Consortium Certificate application is not successful, your KA1 HE application will be automatically ineligible.

All applying organisations must be based and registered in the UK. For more information, please see the eligibility criteria for higher education Key Action 1 projects on page 34 of the Programme Guide.

Please note that, with limited exception, Sole Traders, Partnerships and Unincorporated Associations are not eligible to apply for funding in Erasmus+.

c) Read about operational and financial capability

What is operational capacity?

Operational capacity means that the applicant has the necessary professional competencies and qualifications to carry out the proposed project.

For more information on operational capacity, see page 256 of the [2019 Programme Guide](#). Note: for HEIs, organisational capacity is assessed through the ECHE.

The National Agency will limit the number of live projects an organisation manages at any one time if there is no evidence of sufficient operational capacity to successfully deliver them.

What is financial capacity?

All Erasmus+ projects are co-funded and Erasmus+ grants will not cover all costs – the grant is **intended to be a contribution towards** the costs of project implementation and mobility activities.

A formal financial capacity check does not apply to public bodies and international organisations, or where the grant request is less than 60,000 euro.

In all other cases, you must demonstrate that they have suitable reserves or income to deliver the project successfully.

You must therefore provide a set of accounts, in accordance with relevant UK legislation, not more than 15 months old, on the deadline date of the round to which you are applying.

The accounts should show a balance sheet with sufficient free reserves (e.g. cash at bank and debtors) which will exceed the amount of co-financing required and any additional shortfall, given the amount advanced as pre-financing and the total cost of the project.

For more information on financial capacity, see page 255 of the [2019 Programme Guide](#).

Important note:	Erasmus+ grants should be used to deliver projects and should not therefore be expected to fund the running of an organisation. Erasmus+ grants should represent no more than 50% of an organisation's annual income.
------------------------	---

What kind of bank account does my organisation need to receive Erasmus+ funding?

All grants are paid in Euros. It is strongly recommended that you use a Euro bank account to avoid exchange rate losses. Some UK bank accounts can accept Euro payments directly, while others require payments to be routed via another bank or bank account. **It is important that the name of your bank account matches the name of your organisation or the name of your group**, so that we can make payments to you. If this is not possible please contact us to discuss your options.

d) Register on the European Commission's Participant Portal

Registration on the [European Commission's Participant Portal](#) is compulsory and you will not be able to submit your application if you have not registered your organisation. If you have previously registered prior there is no need to re-register.

Please note that both the applicant organisation and partner organisations must have registered on the European Commission's [Participant Portal](#) before completing an Erasmus+ application form.

The Participant Portal is accessible via an individual's ECAS account. A video guide on how to register on ECAS together with a Participant Portal User Manual is on our [website](#).

Once registered, organisations will receive a nine digit Participant Identification Code (PIC). When a PIC is entered into an application form, the organisation's details will feed through automatically.

e) Upload or update the Legal Entity and Financial Identification Form

Organisations will need to upload or update evidence of their legal status via a [Legal Entity form](#) and a completed [Financial Identification form](#).

Important note: Please note that any information included in the Legal Entity Form and Financial Identification Form must match details in the application form and Participant Portal.

Useful tip: If your HEI has participated in other European Commission-funded programmes, particularly within research, you may already have a PIC, in which case please do not create a new one.

Please see the Erasmus+ [2019 Programme Guide](#) page 251, Part C Information for Applicants, which contains detailed guidance on how to complete these steps.

f) Ensure you understand the quality criteria against which your application will be assessed

Please ensure that each section of the application form is completed in full and that the activities conform to the Erasmus+ guidelines. Remember to proof-read your application.

Your application should reflect your institutional strategy, as set out in your ECHE. Your project will be monitored against the requirements and standards set out in that document.

For applications for a Consortium Certificate, there will be a qualitative assessment undertaken by external experts selected for their experience and knowledge of higher education. Please see the

[2019 Programme Guide](#), page 41-42 for the quality criteria against which consortium applications will be assessed.

Important note: Please note that institutions can submit only one application for Key Action 107. In the case that any duplicates or additional applications are submitted, the most recent application will be considered the single application for that institution.

The budget for Higher Education International Credit Mobility is limited and competition is expected to be high. Funding decisions will be made based on a quality score.

Experts will assess each section of the application form against the criteria detailed below:

Relevance of the strategy (maximum 30 points)	The extent to which the planned mobility project is relevant to the internationalisation strategy of the HEI involved (both in the Programme and in the Partner Country) and the rational for choosing staff and/or student study mobility.
Quality of the cooperation arrangements. (maximum 30 points)	The extent to which the applicant organisation has previous experience of similar projects with HEIs/organisations in the Partner Country and the clarity of the description of the responsibilities, roles and tasks between partners.
Quality of the activity of design and implementation (maximum 20 points)	The completeness and quality of arrangements for the selection of participants, the support provided to them and the recognition of their mobility period (in particular the Partner Country).
Impact and dissemination (maximum 20 points)	The potential impact of the project on participants, beneficiaries, partner organisations, at local, regional and national levels and the quality of measures aimed at disseminating the results of the mobility project at faculty and institution levels, and beyond where applicable, in both the Programme and Partner Countries.

One or more experts will assess each mobility project. Experts will look at the four quality questions for **each set of mobility flows within a given Partner Country**. Only the best sets of mobility flows will be selected for funding, that is the ones that receive the highest quality scores.

To be considered for funding, proposals must score at least **60 points out of a possible 100**, with a minimum of **15** points for the "relevance of the strategy" section.

Any text you enter will be considered in the quality assessment. Please be concise and give the most relevant detail in the most relevant section of the form.

4. Eligibility criteria

a) Eligible activities and duration

- Student mobility for studies (3 - 12 months excluding travel time);
- Student mobility for traineeships (2 - 12 months excluding travel time. If combined with studies minimum duration is 3 months);
- Staff mobility for teaching (5 days – 2 months excluding travel). 8 hours of teaching per week or any shorter period. Exceptions: no minimum number of hours set for invited staff from enterprises. If teaching is combined with training, the minimum number of hours of teaching per week (or any shorter period of stay) is reduced to 4 hours;
- Staff mobility for training (5 days – 2 months excluding travel).

Duration is based on full month of 30 days. A year is considered as 360 days.

b) Eligible Partner Countries

Any [Partner Country](#) of the world, except regions 5 and 12.

For HEIs based in the UK, there are 14 budget “[envelopes](#)” divided into 14 instruments for which you can for apply under the 2019 call for applications. Countries not listed are not eligible for International Credit Mobility in 2019.

Important Note: From the 2019 call, Serbia is no longer part of Key Action 107 as it has become a Programme Country.

The different budget envelopes have different rules/restrictions.

- **IPA Western Balkans, PI Industrialised Americas, PI Industrialised Asia, ENI Region East, ENI Region South, ENI Russia and Junker North Africa Window** budget envelopes don't have restrictions for incoming vs. outgoing mobility.
- **Junker South Africa Window, EDF and DCI Asia, Central Asia, South Africa, Latin America, Middle East** budget envelopes are for incoming mobilities and outgoing staff mobility and student mobility at PhD (cycle 3) level only, but see the EDF & DCI outgoing mobility budget below if you wish to apply for outgoing short, 1st or 2nd cycle mobility.
- **EDF and DCI Outgoing mobility** is the UK National Agency's budget envelope reserved for outgoing students enrolled in short cycle (e.g. Foundation degrees or HND courses), cycle 1 (Bachelor's) or cycle 2 (Master's) degrees.
- **West Africa** budget envelope is for incoming mobilities including student study and traineeships, staff teaching and training. The only outgoing mobility which is eligible is staff mobility for training and teaching. This funding is additional to the funding that is already available for Sub-Saharan Africa under the European Development Fund (EDF). However, HEIs will not be able to combine the funding within the same project. You will have to opt for either EDF or West Africa budget when funding a project with Nigeria for instance.

- **Junker West Africa Window and Junker Horn of Africa Windows budget** envelopes focus, where possible, on incoming student mobility; incoming mobility of younger members of staff; a good geographic spread; promoting cooperation with less experienced countries in the region; and encouraging partnerships with new HEIs. This funding is additional to the funding that is already available for Sub-Saharan Africa under the European Development Fund (EDF). However, HEIs will not be able to combine the funding within the same project. You will have to opt for either EDF or Junker Africa Windows budget when funding a project with Nigeria or Tanzania for instance.
- **Region 14** budget envelope is for outgoing student mobility for traineeships in 'digital skills', from Programme Countries to the Faroe Islands or Switzerland.

In addition to the rules listed above, geographical balance is a general rule for all multi-country envelopes which will be enforced at Commission level and it is the responsibility of National Agencies to aim for geographical balance during the evaluation process in order to spread the available budgets as widely as possible.

In order to attain this target, HEIs are encouraged to work with partners from less developed countries and regions in addition to the large emerging economies.

DCI Asia

- **at least 25%** for Afghanistan, Bangladesh, Cambodia, Laos, Nepal, Bhutan & Myanmar
- **maximum 30%** for India & China combined
- **45%** for DPR Korea, Indonesia, Malaysia, Maldives, Mongolia, Pakistan, Philippines, Sri Lanka, Thailand & Vietnam

DCI Latin America

- **at least 25%** for Bolivia, El Salvador, Guatemala, Honduras
- **Maximum 35%** for Brazil & Mexico combined
- **40%** for Argentina, Colombia, Costa Rica, Cuba, Ecuador, Nicaragua, Panamá, Paraguay

Unlike intra-European Credit Mobility, there are no quotas for student vs staff mobility with Partner Countries. In other words, provided the rules of each budget envelope are taken into account, HEIs are free to apply for 100% staff mobility or 100% student mobility or anything in between. This decision has to be clearly justified in the body of the application form. The actual grant amount awarded to HEI will depend on a number of elements:

- The number of mobility periods and months/days applied for;
- The budget allocated for the mobility action in the respective Partner Country or Region;
- The geographical balance within a given region or sub region.

For more information about applying for International Credit Mobility, please see the [Apply for Funding page](#) of the Erasmus+ website.

B. Applicant Organisation

You will be asked **Are you applying on behalf of a consortium?** Select 'Yes' or 'No' from dropdown menu. If you select 'Yes' and your organisation holds valid Higher Education Mobility Consortium Accreditation, you will be able to select the accreditation reference for your organisation under the dropdown list for **Accreditation Reference**. Please note, you must input your organisation's PIC under **Applicant Organisation** in order for the information to show.

Important Note: Once awarded, the Consortium Certificate provides accreditation for three consecutive calls. Therefore, if you applied under the 2015 or 2016 call, you will need to apply for this accreditation again.

As a minimum, you will need to create a draft of the KA108 Consortium Accreditation before selecting the accreditation reference from

If no valid Higher Education Mobility Consortium Accreditation (KA108) is in place for the PIC, you will be shown the following message:

 No accreditation has been found for your organisation.

Therefore, you will either need to create a draft KA108 application or submit an application for a KA108 application. The application form is available [here](#) under 'Accreditation of Higher Education mobility Consortia'.

If you select 'No', a section regarding **the Erasmus Policy Statement** will appear, along with the following question: **Please provide the link to the webpage where your Erasmus Policy Statement is published**, which you must complete with the relevant link.

You must enter your organisation's PIC number into the application form under **Applicant Organisation**. Once entered, the fields in this section will automatically populate your

organisation's information. If a  symbol appears after inputting your pic this means that some mandatory information has not been provided. You can resolve this by clicking the  on the right hand side of the screen, as below:

Your organisation can list only **one Legal Representative**, and up to **three** people (recommended) as a '**Contact Person**'. You can add contacts by clicking 'Add associated person'.

Once the sections are completed a  symbol will appear next to the sections on the left hand side of the screen. You **must** ensure any sections with a  are completed before continuing. Once done, you can click on the 'Partner Countries' to proceed with the application.

Important Note: The pre-populated information entered into this section of the form will be based on the information provided during the PIC registration process. If there are any changes to the information originally provided, you should log onto the [Participant Portal](#) and update the information accordingly.

If the address of the legal signatory is the same as the organisation address you can click “Same Address as Organisation”, if the address is different you will need to input this onto the application form.

We strongly recommend that the Legal Representative and appropriate officers within your organisation review the Declaration of Honour together with the 2019 Programme Guide, Part c, Step 2: Check the Compliance with the Programme Criteria on Page 245. Please ensure you give special attention to the Exclusion Criteria.

However your National Agency has made funds available to support short, first and second cycle outgoing student mobility to some of the above mentioned regions. To apply for these funds add a flow for the given activity and select 'Yes' in the field 'short, first and second cycle outgoing student mobility' when you encode these mobility flows. If you apply as well for third cycle outgoing mobility to these countries, you will have to add another flow for the same activity and select 'No' in the field 'short, first and second cycle outgoing student mobility'.

For Student/Staff mobilities you will need to select if the activity is **Incoming/Outgoing** for each of the flows. The **Country of Origin** will be automatically populated and the **Country of Destination**: this will be automatically populated.

For the **Distance Band** field you will need to use the European Commission's [distance calculator](#) to calculate the distance between the sending and receiving organisations. The distance calculated is one way and the travel grant awarded is for a return journey. Please use the venue city if known. If not, please use the capital of the Destination Country. For the **No. of Total Participants** field you will be required to enter the total number of participants for that flow.

For **Student Study / Traineeship mobility** you will be required to fill out the following fields:

Total Duration (full months): Please insert the total duration of all participants combined. For example, if you plan to send three students on placement for three months, you would input nine (9) months in the total duration (full months) section.

Total Duration (extra days): Please insert the total duration of all participants combined. For example, if mobility is 3.5 months, you would insert three full months in total duration (full months) and 15 days in total duration (extra days). (The maximum number of extra days you can enter is 29).

Total Duration (days): This will be automatically populated. If you see an error message saying “The requested total duration for the total number of participants does not correspond to the minimum duration per mobility as defined by the Programme Guide, i.e. 2 months per traineeship mobility.” You will need to recalculate the duration.

Average duration per participant: Auto populated.

Important note: The European Commission considers one month as 30 days. Any days that do not total a full month (up to 29) must be inserted in the total duration (total days) field.

For **Staff Teaching/ Training Mobility** you will be required to fill out the following fields:

Total Duration Excluding Travel (days): Please insert the total duration of all participants combined. The minimum duration for staff teaching/training is five days and the maximum duration is two months (60 days) and is excluding travel days. For instance: five staff members on mobility for five days, the Total Duration (excluding travel days) would be 25.

Travel Days: Please insert the total number of travel days of all participants combined. The maximum number of travel days for each participant is two days. A travel day is subsistence for a day spent travelling, when the staff member is not participating in teaching or training activities. For instance: five staff members awarded two days each would be 10 travel days.

Total Duration Including Travel (days): This will automatically populate depending on what you have inserted for Total Duration and Travel Days.

Average Duration per Participant: Auto populated.

Once you have entered the activities for the partner country you will see the total Activity budget has been auto calculated.

Quality Questions

The following questions will appear, and will be repeated when each partner country is added to the application form.

Relevance of the strategy

Explain why the planned mobility project is relevant to the internationalisation strategy of the HEIs involved, (both in the Programme and Partner Country). Justify the proposed type(s) of mobility (students and/or staff) in relation to the HEIs priorities, as well as the choice of partner university. Information provided in this section will be used to assess the mobility flows detailed in “Activities’ Details”.

Thematic focus of the partnership

You may select a maximum of 3 subject areas that are relevant to your project with this Partner Country.

Quality of the cooperation arrangements

Detail your previous experience of similar projects with HEIs in this Partner Country, if any, and explain how, for the planned mobility project, responsibilities, roles and tasks will be defined in the Inter-Institutional Agreement (International Version). If applicable, provide as well the available information on your previous experience and planned cooperation arrangements with receiving organisations for traineeships in your country and this Partner country.

Quality of project design and implementation

Present the different phases of the mobility project and summarise what partner organisations plan in terms of selection of participants, the support provided to them, and the recognition of their mobility period (in particular in the Partner Country). Please bear in mind that there might be limitations within certain budget envelopes. Please consult the Programme Guide and your National Agency's website to know which limitations apply.

Impact and dissemination

Explain the desired impact of the mobility project on participants, beneficiaries, partner organisations and at local, regional and national levels. Describe the measures which will be taken to disseminate the results of the mobility project at faculty and institution levels, and beyond where applicable, in both the Programme and Partner Countries.

Dissemination activity may be in the form of local meetings, workshops or discussions with members of a wider community and you may use hand-outs, reports, evaluations or video to assist this.

How will you know whether you have achieved the expected impacts? Please describe the means you will use, and, if known at this stage, your indicators of achievement, or how you will develop them. To whom will you disseminate the project results inside and outside your organisation? What kind of dissemination activities do you intend to carry out and through which channels?

The [Erasmus+ Project Results Platform](#) is the European Commission’s dissemination tool. It contains general information about funded Erasmus+ and information on Lifelong Learning and Youth in Action projects from across Europe. In due course the project outcomes of some of these projects will be uploaded to the platform as well. This is not a contractual requirement for KA1 projects but is encouraged for dissemination purposes.

Important note: The European Commission has created a ‘Do’s and Don’ts’ document to provide guidance to applicants when answering these Quality Questions. This document can be found [here](#).
